TECH TALKS

Presentations on various topics related to *nix systems, such as security, desktop environments, gaming, system administration, networking, etc.

CASUAL MEETINGS

News, current events, tips/tricks, Q&A, chillin’, movies, gaming, etc.

SPECIAL INTEREST

Projects such as NMUBUNTU (our own Ubuntu Linux distribution geared around NMU campus life, which we deployed in the Fall ‘07 semester and plan to re-deploy for this Fall ‘08, as well) or UPcon (we’re working on the idea of a UP computer/security conference)
